

During the Season of Advent, parishioners are invited to take part in The Giving Tree. Gift tags are made and placed on a tree at church. A tag is made for each resident of the Manistee County Medical Facility and for the Love INC families who we 'adopt' for Christmas.

Parishioners will then purchase the requested item, or an item of their choosing, and place the gift under The Giving Tree at church.

Each year we support The Giving Tree project in an attempt to make someone's Christmas a little bit brighter.
