

Michael A. Caputo died peacefully at age 67 surrounded by his family at Sarasota Memorial Hospital on June 16, 2023 after a short struggle with cancer.

Michael was the son of Antoinette (Dolly) Caputo and the late Francis (Frank) Caputo. His spirit lives on through his wife Margaret (Peggy) Caputo; his two children Carrie Caputo (Stephen Genoff) and Timothy Caputo (Chelsea Green); and his two grandsons Alexander Genoff and Hudson Caputo. He is also survived by his sister Joanne Caputo Roth and many other beloved family members.

Mike graduated from Ferris State College in 1978 with a degree in business administration and a certificate in insurance and real estate. Throughout his 40+ year career in insurance he worked primarily with Farm Bureau Insurance of Michigan. Mike's passion for life was never more present than in his interaction with people and often the reason he was late. He spent many years building extensive memories with friends and family sailing on Lake Michigan. After his retirement Mike and Peggy set out on a grand adventure down the Mississippi River. They ended their trip on the Great Loop in Sarasota Bay where they made the decision to move from Michigan to Florida in 2022. Mike was not in Florida much as he was caring for his father and grandson because family always came first to him.

Friends and family will gather on Sunday, August 13th at Portage Point Inn in Onekama, Michigan. The celebration of Michael's life will begin at 3:00pm.

In lieu of flowers, the family requests that memorial contributions be made to the Moffitt Cancer Center Foundation to support Michael A. Caputo. Donations can be made by mailing a check to Moffitt Cancer Center Foundation, MBC-FOU, 12902 Magnolia Drive, Tampa, FL 33612; online at give.moffitt.org/memorial; or by calling 1-800-456-3434 ext. 1403. Please note that the donation is in memory of Michael A. Caputo in support of Leiomyosarcoma Cancer Research at Moffitt Cancer Center.
